and

College of Agriculture - Vellayani
on 4th March 1996

(Sl. No. 6 to 23)

1. Rice and rice based cropping system

Project (10) Weed management

6. Integrated weed management for rice based cropping system of Onattukara tract
RIC/10-00-11-97/ACV (1) KAU/PG
(Rajan, S - 95-21-03)

3. Vegetable crops and tuber crops

Project (03) Breeding for yield, quality, pest and disease resistance of leaf vegetables

7. Genotypic and seasonal influence on the incidence of leafspot in vegetable amaranth
VEG/03-00-02-97/VKA (14) KAU/PG
(Krishnakumary, K - 95-22-01)

4. Fruits and floriculture

Project (02) Standardisation of agrotechniques for banana and pineapple under different cropping systems

8. Plant-water relations and productivity of banana (Musa AAB group 'Nendran') under phasic moisture stress
FF/02-00-55-97/VKA (1) KAU/PG
(Pradeep, K.P. - 95-21-02)

Project (08) Survey, collection and conservation of pickle types of mango

9. Variability and character association analysis of pickling type mangoes

FF/08-00-04-97/VKA (15) KAU/PG

(Jyothi, M.L. - 95-22-03)

5. Spices

Project (01) Exploration and conservation of genetic resources

10. Physiological and biochemical aspects of flowering, berry set and development in black pepper (Piper nigrum L.)

SPC/01-00-12-97/VKA (14) KAU/PG

(Satheesan, K.N. - 95-22-02)

6. Commercial crops

Project (03) Crop management in cashew

11. Integrated nutrient management in cashew in relation to yield and quality

CC/03-00-14-97/VKA (1) KAU/PG

(Usha, K.E. - 95-21-01)

Project (10) Evaluation of germplasm and standardisation of agrotechniques in commercial crops other than cashew, sugar-cane and cocoa

12. Genotypic evaluation and screening for drought tolerance in wild *Hevea* germplasm

CC/10-00-07-97/VKA (9) KAU/PG

(Mercy, M.A. - 95-21-09)

13. Multivariate analysis of young and mature clones in para rubber (*Hevea brasiliensis* Muell.Arg.)

CC/10-00-08-97/ACV (9) KAU/PG

(Jayasree Madhavan - 95-21-11)
